

Supporting European Experts Presence in International Standardisation Activities in ICT

Bringing the European ICT expertise in the global Standardisation Scenario

Are you an ICT specialist involved in one of the main field of the European Digital Single Market? **StandICT.eu** supports European experts contributing to the development of ICT standards!

StandICT.eu is the response to a call of the European Commission for reinforcing European presence in international ICT standardisation in the five domains of Digital Single Market: **Cloud Computing, IoT, Big Data, Cyber Security, and 5G and related industry verticals.**

StandICT.eu will provide the possibility to ICT specialists to access grants to fund their proposal on the development of standards through a series of open call and a continuous cascading grants flow

Over the project duration, **StandICT.eu** will launch 10 open calls to award funding for experts under the form of:

One shot contributions
(€1000 to €3000 grants mostly for ad-hoc event participation)

Short term contributions
(€1000 to €5000 grants for project of 1-6 months)

Long term contributions
(€5000 to €8000 grants for project of up to 12 months).

Apply for the 1st Open Call here www.standict.eu/OpenCalls/1st-Open-Call

StandICT.eu

Supporting European Experts Presence in
International Standardisation Activities in ICT

What is StandICT.eu?

Focus

- 🌍 **Set up, manage and facilitate an open call** designed to support the participation and contribution of EU specialists in key SDOs and similar initiatives
- 🌍 **Monitor and gather** information on the on-going work from the relevant international and global standards developing organisations (SDOs)
- 🌍 **Create positive impact on business and research opportunities from ICT standardisation** through its six motivational drivers
- 🌍 An influential **Expert Advisory Group (EAG)** and **External Pool of Evaluators (EPE)** to support the project's rigorous activities.

Are you a specialist or do you have interest working on ICT Standards? You can apply for the StandICT.eu cascading grants here www.standict.eu/applicant/register

Expert reviewer? You are invited to apply as a StandICT.eu evaluator to be part of the grant review process here www.standict.eu/evaluator/register

Sign-up now and join the **StandICT.eu** community!
